World's **Most Beautiful**

JENNIFER GARNER

Education

HER CAUSE The “I Have a Dream” Foundation, which, she says, “adopts the entire first grade at a low-performing school.” The group provides after-school academic programs and summer activities and, when the students are ready to graduate, offers college scholarships.

WHY SHE DOES IT “You can’t meet these kids and hear their stories and how comprehensively ‘I Have a Dream’ has changed their lives without wanting to be a part of that process.” A fund-raiser for the last 10 years, Garner, 36, is getting more hands-on. “I am excited to become a volunteer reader. I am ready to get to know these kids personally.”
